Well Now, after 14 years and four months and 172 issues, this is the final copy of A Droite A Gauche, that will grace the Diplomacy world. To the many players who stuck with me, I thank you most graciously.

I have never tried to pretend that ADAG was no more than a "Warehouse Zine", I never had the inclination or the ambition to try all the other bull-shit that many of the zines get mired in, all I was interested in was Diplomacy for that I offer no apologies. Many players and magazines have come and gone, so ADAG won't be missed except by the players who like a gamezine instead of a magazine, so with all that I will say Basta por hoy(enough for today).

Doug
 THE END OF THE ROAD,
 PLEASURE TO KNOW YOU.
